Because of a very busy period in February, where I have moved to a new studio, have made a big TV interview with a Danish TV station, have made my text to a new book with 30 Danish feltmakers, there will be no "Doll of the month" for March.

I am also busy packing for a big exhibition I shall have at Denmark's biggest hand craft fair from March 19.-21.

My Exhibition is called: "Felt has many faces", and will for the first time show all the kinds of techniques I use, from different animal and human reliefs -to animal -and human sculptures.
