My new studio is now ready.

At the last moment, before I had arranged with the TV-station DK4 to come and make an interview with me, I had managed to unpack the things and arrange everything as i liked it. It was a very good way of opening the new place and it became a nice and cosy day.

Frantz Howitz who made the interview is a very good and pleasant man to work with and as a fantastic "gift" one of the best actors in Denmark Jytte Abildstroem had offered to show how my dolls became "alive".

Jytte and Frantz are planning the "Show".

The cameraman is finding details.

Frantz is a good puppeteer in the pauses.

-and he cant stop.

Troll-Rasmus wants to join too.

The last photos is from outside the studio.
