

## Doll of the month - February 2007

The doll has been sold

I am often contacted by visitors who would like to buy dolls they have seen in the picture galleries. But all of these dolls have been made as part of projects or have been pre-ordered a long time before they were made. Due to lack of time I only make a very limited number of dolls each year, but I have decided to make some of these dolls available on Feltmaking.com as "Doll of the month".

The doll I have chosen for this month is one of my favourites. She is not quite new, because I wanted to keep her until I felt she was ready to be sold. She is ment to be a sculpture, as if she was made of clay, and therefore she is needled harder than I use to do. Her inner body is made of dark natural coloured wool, so when I started to needle the surface I wanted to use the dark colour as shadow under the skin colours. I have used many, many nuances of skin colour to get the same effect as when you paint in oil. She is 35 cm long.

The price is \$ 210 (USD) and this includes shipping. Only the one dolls is available so if you click on the order-link and the dolls has already been sold you will get an error message.

Click [here](#) if you would like to buy the doll. You will be taken to the website of CCNow where you can enter your order details. Your credit card will not be charged until the doll has been sent.
